

PATIENT NOTICES

Dr. Dubow is OUT OF NETWORK for all insurance plans EXCEPT Medicare. All patients who do not have Medicare as their primary coverage are considered to be fee for service and payments are due at the time services are rendered. As a courtesy, our office will provide you with a copy of your bill which you may use to submit to your insurance company for out of network benefits.

For **Medicare** patients we will bill Medicare on your behalf for services rendered. Although we are participating providers for Medicare, you will often still be responsible for an annual deductible and 20 percent co-insurance if you do not have a Medicare secondary policy. Due to severe cuts in Medicare reimbursement we are unable to waive annual deductibles nor 20 percent co-insurance if not paid by a supplemental policy. Please note we do NOT participate in Medicare advantage or Medicare HMO plans.

Please Initial

As a convenience, our office offers for purchase some generic medications, customized (compounded) prescription and non-prescription items. As our fees for these items are often similar to or perhaps even less than pharmacy or other vendors you may find it preferable to purchase these items in our office. Please be advised that payments for any products purchased in our office are generally not billable to your insurance company and are due at the time such products are dispensed. *Should you prefer to receive written prescriptions whenever possible simply inform us during your visit and we will prescribe the medication to be dispensed at the pharmacy of your choice.*

Our office generally does not overbook appointments. Patients have a responsibility to give adequate notice to cancel or reschedule appointments as the Doctor's time has been reserved for you. We require 24 hours notice to cancel or reschedule any standard (15 minute) appointment and 72 hours notice to reschedule any surgical, laser, PRP, Hairloss consult, or other extended appointment. We assess a cancellation fee of \$175 for a standard appointment and \$395 for an extended appointment if adequate cancellation notice is not given.

The Open Payments database is a federal tool used to search payments made by drug and device companies to physicians and teaching hospitals. It can be found at <https://openpaymentsdata.cms.gov>.
